Lubrication is our world

Locations worldwide

Klüber Lubrication is one of the world's leading suppliers of speciality lubricants.

Our market segments

Speciality lubricants for all kinds of technical elements (bearings, chains, gears...)

Oils

- High- and low-temperature oils
- Gear oils
- Adhesive oils

Greases

- High-temperature greases
- High-speed greases
- Multipurpose greases

Pastes

- Greases with high content of solid lubricants (e.g. assembly pastes)

Corrosion protection

- Antirust agents

Bonded coatings

- Bonded coatings for general applications
- Bonded coatings for elastomers

Waxes

- Lubricating waxes
- Lubricating wax emulsions

- /// Klüber Lubrication has a lubricant portfolio comprising more than 2000 product specialities.
- /// Furthermore, we also develop tailor-made lubricants to customers' specifications.
- /// Our lubricants are developed individually to suit the specific loads acting on the customers' components.

➔ Our customers use our specialised know-how for their many different applications.
